

Every 15 seconds, someone in the US is diagnosed with cancer.

Thank You

for investing in the American Cancer Society's vision to end cancer as we know it, for everyone. Because while cancer affects everyone, it doesn't affect everyone equally. Through our commitment to research, patient support, and advocacy we are working to ensure everyone has a fair and just opportunity to prevent, detect, treat, and survive cancer.

For the last 110 years the American Cancer Society is working to end cancer as we know it, for everyone.

74,500

estimated new cases of new cancer cases in 2023

23,380

estimated number of cancer deaths in 2023

ResearchHERs

awarded to Lillian Eichner via the National ResearchHERs Scholarship

Advocacy

**For the last
110 years the
American
Cancer
Society is
working to
end cancer
as we know
it, for
everyone.**

**Combating cancer through advocacy,
research, and patient support to
impact 55 million lives annually.**

Research

We research breakthroughs in cancer prevention, detection, treatment, and survivorship.

Patient Support

Direct support and education for cancer patients, caregivers, and clinicians.

Advocacy

We advocate for equitable access to breakthroughs in cancer prevention, detection, treatment, and survivorship.

Hope Lodge

Our Hope Lodge communities offer a free home away from home closer to cancer care.

Rides

We provide free rides to cancer treatment and appointments for people with cancer.

Helpline

Our free cancer helpline provides people with cancer and their families information, support, and answers 24/7.

**Every gift makes an impact,
no matter what size.
It takes all of us to end cancer as we know it.**

National Impact

Our Vision

End cancer as we know it, for everyone.

Our Mission

Improve the lives of people with cancer and their families through advocacy, research, and patient support, to ensure everyone has an opportunity to prevent, detect, treat, and survive cancer.

Who We Are

The American Cancer Society is a leading cancer-fighting organization with a vision to end cancer as we know it, for everyone. We are improving the lives of people with cancer and their families as the only organization combating cancer through advocacy, research, and patient support, to ensure that everyone has an opportunity to prevent, detect, treat, and survive cancer.

55 million total lives impacted each year. And counting.

3.5 million fewer cancer deaths

Invested \$3.1 billion in cancer research since 1991, contributing to 3.5 million fewer cancer deaths.

Access to care for all

Advocating for high-quality, affordable health care for everyone, including closing the Medicaid coverage gap, through our American Cancer Society Cancer Action Networks.

Prevention and screening

Educating and advocating for healthy lifestyles and environments, including promotion of regular screening, and trusted source of screening recommendations for health care professionals.

Direct patient support

Providing multiple support programs for people with cancer and their caregivers, including a home away from home at our Hope Lodge® communities when they need to travel for treatment and free access to cancer information via our 24/7 helpline.

Every cancer

Only nonprofit supporting people with all types of cancer through advocacy, research, and patient support.

Every life

Ensuring everyone has an opportunity to prevent, detect, treat, and survive cancer.
